

2018 Annual Report

Message from Executive Director Joe K. Kilgore

Dear Friends,

Thank you for the support and confidence you have placed in the Maury Regional Health Care Foundation this year. Through your generosity we continue to find ways to meet the needs of our patients, employees and the communities we serve.

This past year we launched the largest and most visible Foundation project ever by purchasing the \$300,000 Maury Regional Health Mobile Unit (pictured on facing page). From February to June of 2018, the mobile unit touched almost 1,400 lives in our community. And we are committed to provide sustaining funds to further the mission of the mobile unit to serve those in our region with limited access to health care.

Each year, we continue to find new ways to serve our communities and we could not do so without your generous support. Again, I thank you for helping us continue our mission of serving others through the Maury Regional Health Care Foundation.

With gratitude,

A handwritten signature in dark ink that reads "Joe K. Kilgore". The signature is written in a cursive, flowing style.

Joe K. Kilgore
Executive Director

On the cover: Tootsie's Bears is a program funded to help ease the anxiety of pediatric patients at Maury Regional Health.

About the Foundation

The Maury Regional Health Care Foundation, a 501(c)(3) charitable organization, works to expand health care services and community outreach programs throughout southern Middle Tennessee.

The mission of the Maury Regional Health Care Foundation is to support Maury Regional Health in providing excellent health care services to the region. Our focus is to serve at-risk and underserved individuals who are facing a health care crisis without adequate financial resources. Through our programs and services we bridge the gaps and make a difference in the lives we serve.

Thanks to the generous support of donors, the Foundation has been able to provide more than \$2 million dollars in programs and services throughout the region since its formation in 2006.

Administrative expenses for the Foundation are funded by Maury Regional Health, so donors can feel confident that gifts go directly to the community and those in need.

Among the programs funded in the past fiscal year is an outdoor fitness area at Fairview Park in Columbia to provide free exercise options for those unable to join a gym.

Changing Lives

Through the generosity of donors, the Maury Regional Health Care Foundation is able to fund programs that impact the overall health of our community as well as individual lives. One major health issue can have serious financial implications on anyone—even those who have financially prepared for the future. In addition, our region is home to a significant number of working poor individuals and elderly with limited incomes who face a health crisis every day. Our goal is to make these difficult situations a little more bearable by providing much needed assistance.

The MuleKick 5K is among the fundraising events that enable the Foundation to help those in need.

Parker's Project was founded by Cord and Sondra Martin in honor of their son, Parker, to provide books to the families of every child in the Neonatal Intensive Care Unit.

Established Funds

There are a variety of funds established that support specific patient populations or causes.

General Fund – used for areas of greatest need that may not be covered by another fund.

Community Health – provides resources to assist with unmet health care needs of underserved or uninsured populations.

Friends & Family Nutrition – provides meals to a patient's primary support member while in our care and/or assists in funding a food pantry that provides groceries to those in need upon discharge.

Palliative Care – assists the Maury Regional Palliative Care program in meeting the unique needs of those facing chronic illness.

Medication & Transportation – provides medication, medical supplies and gas cards for patients experiencing financial need.

Service Area Funds – assists with prescription costs, medical expenses and other needs in the service areas of cancer, cardiology, diabetes, neonatal intensive care, pediatrics and breast health services.

The Retreat – operates a hospitality home for cancer patients.

William R. Walter Employee Assistance – assists Maury Regional Health employees who have experienced an unexpected crisis or for continuing education.

Dr. Eslick Daniel Youth Health Initiatives – provides educational materials and resources for projects improving the health of youth.

Wayne Medical Center – assists patients and employees of this facility experiencing financial need, as well as funding for community health care needs.

Leaving a Legacy

The Foundation offers several ways in which donors may leave a lasting impact on others, namely planned giving through the Walton Legacy Society and establishing an endowment.

Planned Giving

The Walton Legacy Society is named after Dr. Charles D. Walton, a prominent force in bringing Maury Regional Hospital to reality and the first chief of staff of the hospital.

This society is used to honor individuals who have included the Maury Regional Health Care Foundation in their estate planning. The Walton Legacy Society members are prominently listed at the top of the Foundation donor recognition display located in the main lobby of Maury Regional Medical Center. To become a member of the Walton Legacy Society, the donor's estate planner must notify the Foundation in writing of their estate plans for a deferred gift to the Foundation. Membership is recognized when the Foundation receives documentation verifying that the donor has left a deferred gift to the Foundation in their estate plans. Deferred gifts may

be unrestricted or restricted and can be endowed.

The Foundation is proud to be a partner with Maury Regional Health in addressing the unmet health care needs in our region. Those who are honored by the Walton Legacy Society will be helping many deserving individuals for years to come.

Endowment

An endowment is a fund established for a specific purpose with donations invested so that the fund grows over time. Donations of \$25,000 will establish a named endowment and—as the fund grows—a portion of interest or investment growth may be used for the endowment's purpose. Current endowments are the Robert Otwell Cancer Center Endowment and the Wellness & Aquatics Complex Healthy Living Endowment.

For more information, contact Joe K. Kilgore, Executive Director, at 931.380.4075 or jkilgore@mauryregional.com.
